

AUREA 215

Suitable for cinemas up to 250 seats.

Increases directivity with a 90° x 40° horn, the most important improvement being the enhanced treble driver, now with 1.5" to further improve the intelligibility for all the audience, achieving a constant directivity and very low distortion for every seat.

This two-way or bi-amplified passive speaker screen system works as a three-way system, making the 15" work at different frequencies and avoiding cancellations between both. It delivers a superb response with very small equalization needs.

Ready to work with our **AUREA 6118** or **AUREA 6218** subwoofer systems, covering the entire frequency range.

Ready to work with our **AUREA 6118** or **AUREA 6218** subwoofer systems, covering the entire frequency range.

This system has a **polyurea finish**.

SPECIFICATIONS

BASS:	1 x 15" speaker with 3" voice coil
TREBLE	1 x 1,5" driver with 2,85" voice coil
HORN:	90° x 40° flat front constant directivity horn Aurea 2203HFD with pan/tilt adjustment
POWER:	215 (790W AES/1580W Prg). Nominal impedance 4 ohm.
SENSITIVITY &SPL:	Sens 97dB/1W/1m. Half space SPL 128,5 Db continuous Leq
FREQUENCY RESPONSE:	(F3) 38/20.000Hz.
SIZE:	135,7 x 66 x 47 cm.
WEIGHT:	Net 66 kg
