

AUREA 7511 V2

The **AUREA 7511 V2** is the third system of our ABS Surrounds, but it is also a **HIGH-POWER** Surround.

ABS Surrounds are very easy to install on walls or ceiling because of its extreme lightness.

The system is delivered with a standard fixed support, but it is also ready to work with our pan/tilt wall/ceiling support **AUREA 7712 SUPPORT** for immersive systems.

Despite the ABS cabinet the system is improved with an internal and special treatment to achieve a very low frequency of resonance.

This allows equalization over a wider range of frequencies.

This system has a **polyurea finish**, but the grill could be painted any colour following the customer needs.

SPECIFICATIONS

BASS: 1 x 10" speaker with 2" voice coil

TREBLE: 1 x 1" driver with 1" voice coil

HORN: 100° x 60° constant directivity horn.

POWER: 330W AES/660W Prg. 8 ohm.
Nominal Impedance 8 ohm.

SENSITIVITY & SPL: 99.15dB/1W/1m. Free field
SPL 125.5 dB

FREQUENCY RESPONSE: (-10dB) 60Hz. to 18.000Hz.

SIZE: 46 x 46 x 25.5 (12.5) cm.

WEIGHT: Net 10 Kg
