

# AUREA 8002 LF

The **AUREA 8002 LF** module is designed to deliver outstanding bass performance, featuring two 15-inch speakers with robust 3-inch voice coils.

This configuration ensures powerful and precise low-frequency reproduction, making it ideal for demanding audio environments. With a sensitivity of 100 dB and an SPL of 127 dB continuous Leq, the module provides clear, impactful bass that enhances the overall sound experience.

Its power handling capabilities are equally impressive, rated at **700 W AES (1400 W Program)** at 4 ohms. This ensures consistent and reliable operation, even during extended use or in high-performance setups.

The frequency response extends down to 37 Hz, offering deep, resonant bass tones that bring depth and richness to any audio application.

Built with durability and precision in mind, the **AUREA 8002 LF** is perfect for professional audio systems requiring reliable and dynamic low-frequency output.

Its advanced engineering guarantees exceptional performance, whether in cinemas, live events, or other high-demand environments.

## SPECIFICATIONS

<b>BASS:</b>	2 x 15" speaker with 3" voice coil
<b>POWER:</b>	700W AES/1400 W Prg. 4 ohms.
<b>SENSITIVITY &amp; SPL:</b>	100 dB 1W/1m Max SPL 130 dB Continuous Leq
<b>SIZE:</b>	101 x 66 x 47 cm
<b>WEIGHT:</b>	Net 52,5Kg
