

AUREA 8004 LF

The **AUREA 8004 LF** module is equipped with two robust 15-inch speakers, each featuring a 4-inch voice coil.

This configuration is specifically engineered to deliver exceptional bass performance with remarkable precision and depth.

With a sensitivity of **101 dB** and an **SPL of 132.5 dB** in half-space conditions, this module ensures a powerful and dynamic low-frequency output that can fill large venues with ease.

Its power handling capabilities are equally impressive, rated at **1400 W AES** and **2800 W Program at 4 ohms**. This high power rating guarantees reliable and consistent performance, even under demanding operational conditions.

The module's frequency response extends down to an impressive 28 Hz, offering deep and well-defined bass that enriches the overall sound experience.

Built with durability in mind, the **AUREA 8004 LF** is an ideal choice for professional audio applications where clarity and impact in the lower frequencies are paramount.

Whether integrated into a cinema setup or a large-scale audio system, it provides a foundation of sound quality that meets the highest standards.

SPECIFICATIONS

BASS:	2 x 15" speaker with 4" voice coil
POWER:	1400W AES-2800W Prg Nominal Impedance 4 ohm
