

AUREA 8106

Modular system of the **AUREA 8000 Series**, to be installed on top of your equipment, the AUREA 8106 passive system offers good medium and treble frequencies for cinemas up to 45m in length.

Better panoramic effect between the three screen channels and same acoustic pressure delivered to every seat of your cinema.

Perfect intelligibility for dialogs.

Line Array Technology applied to Cinema Sound works, combining professional compression drivers with true isophasic horns to achieve an extreme -3dB coverage throughout the whole audience area.

Working with the **AUREA-4080 DSP PROCESSOR**, which has the preset settings of each model, a better quality is achieved.

This system has a **polyurea finish**.
